COMPANY PROFILE

Percon, one of the market leaders in the cable field designs, develops, manufactures and sells high quality cable especially focused on broadcast, telecom, multimedia and big installations, where the reliability and excellent performance of Percon products are most appreciated.

In accordance to its customer-oriented policy Percon offers customised multicore cables (TVL) manufactured according its customers' needs and indications combining video, audio, power, UTP, etc for a particular purpose. Its wide range of products makes it possible to make a countless number of combinations to meet any customer's requirement, without requiring a big order.

Percon's highest-in-the-industry quality controls, lead times and personal service are the main assets that make Percon stand out from the competition.
