COMPANY PROFILE

HISPASAT was set up in 1989 with the objective of becoming the leading satellite operator in the Spanish and Portuguese language markets. During its more than fifteen years in business, HISPASAT has consistently incorporated new communication satellites to its fleet of satellites and has expanded the range of services and products available to its clients, from audio visual services to telecommunication networks, Internet and multimedia services. HISPASAT has become a global satellite operator offering coverage and quality service in Europe, America, Canada and North America.

Products:

- Satellites

OBJECTIVES FOR IBC 2007

To make demonstrations of Digital TV of high quality and difucndir by Internet the performances that take place to make we give of the same ones.
