### COMPANY PROFILE

*“What is the Movilitas LogCentre?”*

*“It is a physical space.”*

With three main locations distributed across Europe, the Movilitas LogCentre covers 60% of the entire European territory: South Europe, Centre in Huesca, Central Europe with the Centre in Munich and East Europe with the Centre in Prague. The Movilitas LogCentre is the place where “technology meets business”.

*“It is a partner network.”*

It is a joint initiative from market leaders. It is a vision that becomes reality thanks to the joint forces of SAP, Dell, Motorola Enterprises and Zebra Technologies and many other best of breed technology partners that help us to offer unique contents.

*“It is a virtual space.”*

To enjoy the Movilitas LogCentre services you don't have to move from home. All Movilitas LogCentre solution collaterals are 100% online available through the MoviWiki—see [www.logcentre.org](http://www.logcentre.org)
